TRAINING AND EMPLOYMENT GUIDANCE LETTER NO. 15-08

TO: ALL SENIOR COMMUNITY SERVICE EMPLOYMENT PROGRAM (SCSEP) GRANTEEES

FROM: DOUGLAS F. SMALL *Douglas F. Small*
 Deputy Assistant Secretary

SUBJECT: American Recovery and Reinvestment Act (Recovery Act) Planning Instructions for All Current SCSEP Grantees.

1. **Purpose.** The purposes of this guidance are: 1) To provide all current SCSEP grantees with further instructions and procedures for the American Recovery and Reinvestment Act of 2009 (Recovery Act) funds that are available on February 17, 2009, with a period of performance to June 30, 2010; and 2) To extend the period of performance of current Program Year (PY) 2008 grants for an additional six months to December 31, 2009.
2. **References.** The following references may be used for additional information: 2006 Older Americans Act (OAA) Amendments, (Pub. L. 109-365,) 42 USC 3056 et. seq. 20 CFR part 641 subpart G; SCSEP Performance Accountability Interim Rule, 72 Fed. 3. **Background.** The Recovery Act, enacted by Congress and signed into law by President Obama on February 17, 2009, is intended to preserve and create jobs, promote the nation's economic recovery, and assist those most impacted by the recession. Title VIII of Division A of that Act makes available \$120 million to the Department of Labor for use by SCSEP to serve additional

unemployed low-income senior citizens. SCSEP grantees are expected to expand the number of SCSEP participants assigned to community service work, especially in the growth industries emphasized in the Recovery Act (e.g., health care, child care, education, green jobs, energy efficiency and environmental services) and in expanded community service activities that utilize Recovery Act funds. For the SCSEP grant community to meet both the letter and the spirit of the law and fulfill its critical role in U.S. economic recovery, it must implement the Act expeditiously and effectively, with full transparency and accountability of the expenditure of funds. The system's implementation of the Recovery Act should yield not only increased services and training for unemployed low-income seniors, but also provide increased community services that will invigorate and advance prosperity in the communities in which they live. For grantees who are currently over-enrolled, the Department will approve a limited number of SCSEP participants enrolled between January 1, 2009 and the present to be served with Recovery Act funding. However, the overall intent of Recovery Act funding is to supplement, not supplant, current SCSEP activities.

4. **Overall Approach.** The Department's SCSEP Grant Office notified all current grantees on March 4, 2009 of its plans to distribute available funds in proportion to each grantee's PY 2008 SCSEP allocation and provided instructions on how to apply for those funds to be issued as new grants (copy attached). Initial signed grant documents, including an Initial Statement of Work, were due to the Department on March 10, 2009. This TEGL provides the additional instructions referenced in the Grant Officer's letter to address in greater detail each grantee's plans for program implementation. The funds are intended as a one-time addition to the current program as presently being implemented. For grantees that are currently over-enrolled, the Department will approve a limited number of SCSEP participants enrolled between January 1, 2009 and the present to be served with Recovery Act funding. The transfer utility in the SCSEP Performance and Results Quarterly Progress Report (SPARQ) system will be used for these approvals. However, the overall intent of Recovery Act funding is to supplement, not supplant, current SCSEP activities.
5. **Data Collection and Reporting Requirements.** The Department will issue separate guidance on the data collection and reporting requirements for the Recovery Act supported portions of the program, in accordance with the information on collection forms in OMB No. 1205-0040, the SCSEP Performance Measurement System. Based on Section 1512 of the Recovery Act, the Department expects grantees to comply with all data collection and reporting requirements determined by the Department to be necessary to provide timely and accurate information on the expenditure of stimulus

funds, persons served, and outcomes obtained. Financial reporting requirements will be provided in a separate document.

6. **Grant Application Requirements**: As provided in the Grant Officer's March 4, 2009, notification and the initial Recovery Act grant award documents, the Department requires the following items to address full program implementation for the supplemental Recovery Act funds:

Program Narrative (Attachment A). The program narrative must cover the following subject areas: recruitment of participants and host agencies; maintenance of effort strategies; simultaneous management of Recovery Act funding and regular SCSEP funding; relevant notice requirements for participants; efforts to manage the smooth transition of participants once Recovery Act funding is depleted; and strategies to expand the number of SCSEP participants assigned to community service work, especially in those growth industries emphasized in the Recovery Act (e.g., health care, child care, education, green jobs, energy efficiency and environmental services) and in expanded public service activities that utilize Recovery Act funds. Grantees should base their programmatic strategies on the funding allocations contained in the March 4, 2009, Grant Officer letter.

Revised Budget Information. Additional budget information, including detailed budget narrative, will be required in accordance with program strategies as outlined in the program narrative. The revised budget information will replace the budget and budget narrative initially supplied.

Programmatic Assurances (Attachment B). Per the PY 2008 guidance, grantees must submit signed programmatic assurances that reflect standard grant management requirements.

Recovery Act Assurances (Attachment F). Grantees must submit signed Recovery Act assurances, as contained in Attachment F.

Optional Special Requests. Additional optional narratives, described in Attachment C, are required from any applicant with special requests in one or more of the following areas:

Waiver for additional funds for training and supportive services;
Administration cap limit changes;
On-the-job experience (OJE) training option; and/or
Cross-border agreements.

The items listed above are in addition to the documentation each grantee supplied in response to the Grant Officer's letter of March 4, 2009. When completed and approved, the program narrative (as described in Attachment A) will serve as a Revised Statement of Work to replace the Initial Statement of Work currently contained in the Notice of Obligation.

7. **Method of Submission.** Applicants must submit electronic copies of the items listed in Section 6 of this TEGL. The materials should be sent via e-mail to: **grants.SCSEP2009@dol.gov** and to their SCSEP Federal Project Officer (FPO) (Attachment E). If a grantee is unable to submit electronically, the grantee must submit hard copy applications via overnight delivery or by fax to 202-693-3817. If mailing, application packages must be mailed to:
Ms. Alexandra Kielty
Division of Adult Services
U.S. Department of Labor
200 Constitution Avenue, N.W.
Room S-4209
Washington, D.C. 20210
8. **Grant Application Intergovernmental Review.** The assurance of efficient intrastate coordination contained in Section 502(d) of the OAA 2006 Amendments is deemed to have been met by the PY 2008 grant application requirements. Because this additional funding is based on current PY 2008 allocations and positions allotments, no changes in service areas will result.
9. **Schedule.** Grant materials meeting the requirements of this TEGL must be submitted to the address in section 7 no later than April 17, 2009. However, applicants are encouraged to submit their materials as soon as possible.
10. **Extension of PY 2008 Period of Performance.** The period of performance for all current PY 2008 grants will be extended for an additional six months to December 31, 2009. Under sec. 517(b) of the Older Americans Act, we have determined that this extension is necessary to ensure the effective use of such funds because of the severe economic downturn. Giving grantees the authority to obligate and expend for an additional six months any funds that remain unexpended at the close of PY 2008 (June 30, 2009) will allow more SCSEP participants to be served. The grant officer will issue the necessary PY 2008 grant modifications.
11. **Action Requested.** Grantees with Recovery Act grants must submit the additional materials required by this TEGL by April 17, 2009.

12. **Paperwork Reduction Act (PRA) Statement.** The public reporting burden for this collection of information is estimated to average approximately sixteen (16) hours per response including time for gathering and maintaining the data needed to complete the required disclosure.

This TEGL contains a new collection of information in the form of a grant application narrative, special requests, and SCSEP grant management assurances required to receive a grant under the Recovery Act. According to the Paperwork Reduction Act of 1995 (Public Law 104-13), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Department is planning to submit an Information Collection Request (ICR) to OMB requesting a new OMB Control Number. The Department notes that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number (see 44 U.S.C. Section 3507). Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number (see 44 U.S.C. Section 3512). The Department will notify SCSEP Recovery Act grantees of OMB's decision upon review of the Department's ICR, including any changes that may result from this review process.

13. **Inquiries.** Questions may be directed to the appropriate SCSEP FPO.

PROGRAM NARRATIVE

Format: *Text of the application must be double-spaced with one-inch margins at the top, bottom, right, and left sides. Pages must be numbered with the grantee's name on each page. The Department permits the use of graphs, maps, and tables, but these must be properly labeled. The Department encourages applicants to use brief topic headings for paragraphs in the text. The narrative may not exceed 20 pages in length, excluding any attachments.*

Content: All applicants must provide a narrative that covers the following areas:

(1) Identify specific strategies that will expand the number of Senior Community Service Employment Program (SCSEP) participants assigned to community service work:

- In the growth industries emphasized in the American Recovery and Reinvestment Act of 2009 (Recovery Act) (e.g., health care, child care, education, green jobs, energy efficiency and environmental services); and
- In expanded public service activities that utilize Recovery Act funds.

(2) Identify specific recruitment strategies, along with a timeline, that will enable the applicant to recruit a sufficient number of participants to meet the enrollment objectives of the Recovery Act funding, as well as the regular program enrollment objectives.

(3) Identify specific recruitment strategies, along with a timeline, that will enable the applicant to recruit and retain a sufficient number of host agencies that will be necessary to meet the increased number of participants served by the Recovery Act funding, as well as in the regular program.

(4) Identify specific strategies and policies to ensure that maintenance of effort violations do not occur (see Older Americans Act (OAA) Amendments of 2006, PL 109-365, Title V, Section 502 (b)(1)(G)).

(5) Provide a description of how the Recovery Act funding will be managed so that:

- Enrollment of new participants in the stimulus program is maximized while ensuring that there is no deterioration of enrollment and services in the regular program.
- Seniors are provided with opportunities that support other activities funded by the Recovery Act, such as the summer youth program, year

round employment programs for youth, and One Stop Career Centers, i.e. tutoring, mentoring, greeters.

- Strategies, methods and/or protocols will be used to determine whether a participant is assigned to either the Recovery Act funding or the regular program funding.

(6) Provide a description of the methods that grantees will use to ensure the least disruption possible to participants enrolled under the Recovery Act program when the funding expires on June 30, 2010. Detail specific action steps that will be utilized to ensure participants receive timely and coordinated transition planning to the most appropriate service delivery system. In particular, address how partners in the One-Stop Career Centers will be utilized; also, identify other relevant community partners and services; and, to the extent feasible, how participants will be transitioned into the regular SCSEP program.

(7) Provide a statement that all Recovery Act program participants will be informed verbally and in writing at the time of enrollment that:

- A. They are being enrolled with Recovery Act funding that is due to expire on June 30, 2010.
- B. They are subject to the same rights and responsibilities as enrollees in the regular SCSEP program.
- C. Every effort will be made to help them obtain unsubsidized employment prior to the expiration of the Recovery Act program.
- D. Prior to the expiration of Recovery Act funding, timely transition planning will be undertaken to determine the most appropriate services that may still be needed by the participant, including referral of job-ready participants to the One-Stop Career Center, and transfer of participants who require additional community service training into the regular program provided sufficient funds are available in that program. If they are not able to transition to the regular program, they may be terminated at the expiration of the Recovery Act funding availability. However, they will be given priority for re-enrollment in SCSEP consistent with eligibility requirements and statutory priorities of service.

The programmatic assurances delineated below reflect standard grant requirements—i.e., those that are required by law or those that are consistent with sound program practices. SPECIAL REQUESTS

Any applicant that has special requests in one or more of the following areas must submit such requests and any supporting documentation as a separate attachment(s) to their American Recovery and Reinvestment Act (Recovery Act) application. Even though any such special requests may have been granted for the PY 08 program year grant, they will need to be resubmitted as part of this Recovery Act application.

(1) **Older Americans Act Section 502(c)(6)(C), Additional Funds for Participant Training and Supportive Services.** Any applicant that wishes to request such additional funds must provide the specific information listed in this section. In addition, any applicant that requests these additional funds for participant training and supportive services should not submit a separate budget narrative for these activities. Instead, their application's detailed budget narrative should identify the specific training and supportive service activities that they intend to provide to participants if their request is accepted. Costs associated with this request should also be included in their SF 424 and 424A.

The 2006 Amendments permit an exception to the 75 percent minimum level of expenditures on participant wages and fringe benefits that allows grantees to request to use not less than 65 percent of program funds for wages, benefits, and other costs, so that up to an additional 10 percent of funds are available for training and supportive services for the direct benefit of participants. As required in Section 502(C)(6)(C)(IV), applicants interested in seeking this waiver must provide a work plan that includes the following:

- (a) A detailed description of the additional training and supportive services;
- (b) An explanation of how activities will directly benefit participants, improve project effectiveness and employment outcomes for individuals served;
- (c) A sequence and timeline for these activities;
- (d) If applicable, an explanation concerning whether any displacement of eligible individuals or elimination of positions for such individuals will occur, information on the number of such individuals to be displaced and of such positions to be eliminated; and

(e) The performance measures that are expected to be improved by expenditure of additional funds and the amounts by which each measure is expected to improve.

(2) **20 CFR 641.870, Increase in Administrative Cost Limitations.** The Department of Labor may authorize an increase in the amount available for administrative costs to not more than 15 percent if it determines that it is necessary to carry out the project, and the applicant demonstrates that:

(a) It is incurring major administrative cost increases in necessary program components; or

(b) The number of employment positions in the project or the number of eligible minority individuals participating in the project will decline if the amount available for paying the cost of administration is not increased; or

(c) The size of the project is so small that the amount of administrative expenses incurred to carry out the project necessarily exceeds 13.5 percent of the amount for such project.

General statements that costs have increased do not constitute adequate justification. The applicant must identify which costs have increased, why they have increased, and how these costs relate to program operations.

(3) **On-the-Job Experience (OJE).** If an applicant wants to utilize OJE as an additional training option, it must meet the requirements delineated in Older Worker Bulletin 04-04. DOL must approve the OJE policy and sample contracts before the grantee may exercise this option.

(4) **20 CFR 641.500(b), Cross-Border Agreements.** State applicants may enter into agreements to permit cross-border enrollment of eligible participants. Such agreements must cover both state and national grantee slots and must be submitted for approval by the Department.

As required by the Recovery Act, DOL will allocate the funds based on each grantee's current share of its PY 2008 SCSEP allocation. Each grantee must provide SCSEP services in the same counties and geographic areas as currently authorized. The funding attachment indicates the amount of funds for which each grantee is eligible. The funds will be available from the date DOL obligates the funds through June 30, 2010.

Authority for Funding, Activities and Reporting: DOL expects grantees to adhere to the current statutory and regulatory requirements for SCSEP as follows:

Initial Statement of Work: The Department intends to issue additional guidance by late March on requirements for a grantee-specific statement of work that addresses in greater detail plans for program implementation using the Recovery Act funding. In the interim, DOL will incorporate the attached statement of work into each grant agreement. The signature of the grantee's authorized representative on the SF 424 application will indicate

ATTACHMENT D

acceptance of the Initial Statement of Work. DOL will review each grantee's revised grant plan based on additional guidance in late March and will issue a grant modification by June 30, 2009.

Application Instructions: In order to obligate Recovery Act funds within the thirty days required by the Recovery Act, the Department must receive the following items from each grantee by **March 10, 2009**:

- Signed SF 424 application for federal funding (using the dollar figures in the attached chart)
- SF 424A budget
- Preliminary budget narrative

These three items must be submitted electronically to grants.SCSEP2009@dol.gov on or before March 10, 2009. However, if you are unable to submit the required items electronically, they may be faxed to 202-693-3718 or sent by overnight mail to Ms. Alexandra Kielty, Division of Adult Services, 200 Constitution Ave. NW, Room S-4209, Washington, D.C. 20210, to be received by the March 10 deadline.

Questions: The Older Workers unit will conduct an all-grantee conference call as previously scheduled on Wednesday, March 4, 2009 at 3 pm EST to address any questions about this announcement of Recovery Act fund availability. If you have any questions regarding this grant announcement in the meantime, please contact me at 202-693-3296.

RECOVERY ACT ASSURANCES

1. **Grant Funds:** These grant assurances addresses additional requirements applicable to funds appropriated in the American Recovery and Reinvestment Act of 2009 (ARRA or the Recovery Act, P.L. 111-5).
2. **Purposes and Principles:** In accordance with the intent of the Recovery Act, funds must be spent expeditiously and effectively, with full transparency and accountability in the expenditure of funds. The Recovery Act provides more than an injection of workforce development resources into communities in need across the country. The significant investment of stimulus funds presents an extraordinary and unique opportunity for the workforce system to accelerate its transformational efforts and demonstrate its full capacity to innovate and implement effective One-Stop service delivery strategies. As grantees plan how they will make immediate use of the Recovery Act funds, ETA encourages them to take an expansive view of how the funds can be integrated into transformational efforts to achieve a new level of effectiveness throughout the public workforce system. In this system, the needs of workers and employers are equally important in developing thriving communities where all citizens succeed and businesses prosper. Successful implementation of the Recovery Act includes quick and effective provision of services and training for workers in need. Grantees are advised that the Recovery Act funds are intended to supplement, not supplant, existing funds.
3. **Limit on Funds:** None of the funds appropriated or otherwise made available in the Recovery Act may be used by any State or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.
4. **DUNS/CCR:** Grantees and their subrecipients (first tier) must have a Dun and Bradstreet Numbering System (DUNS) number (www.dnb.com) and must maintain active and current profiles in the Central Contractor Registration (CCR) (www.ccr.gov).
5. **Schedule of Expenditures of Federal Awards:** Grantees agree to separately identify the expenditures for each grant award funded under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." This identification on the SEFA and SF-SAC shall include the Federal award number, the Catalog of Federal Domestic Assistance (CFDA) number, and amount such that separate accountability and disclosure is provided for the Recovery Act funds by

Federal award number consistent with the recipient reports required by the Recovery Act Section 1512(c).

6. **Responsibilities for Informing Sub-recipients:** Grantees agree to separately identify to each sub-recipient and document at the time of sub-award and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds.
7. **Reporting: Program Management and Financial Expenditure:** Accountability guidelines for the Recovery Act emphasize data quality, streamlining data collection, and collection of information that shows measurable program outputs. The Act also emphasizes transparency and frequent communication with the American public about the nature of the Recovery Act investments. Accordingly, the Grantor is developing reporting guidelines that will minimize any new collection burdens yet provide timely accurate accounting of system performance and outcomes. Grantees shall collect and report information as conveyed in upcoming ARRA reporting instructions to be issued by the Grantor. **NOTE:** Recovery Act reports will be due 10 days after the end of each calendar quarter, starting with the quarter ending June 30, 2009.
8. **Veterans' Priority Provisions:** NOTE: this provision applies to all PY 2008 funds in place of the version of the Veterans' Priority Provisions clause in the original agreement. This program, funded by the U.S. Department of Labor is subject to the provisions of the "Jobs for Veterans Act" (JVA), Public Law 107-288 (38 USC 4215), as implemented by the Final Rule published on December 19, 2008 at 73 Fed. Reg. 78132. The JVA provides priority of service to veterans and spouses of certain veterans for the receipt of employment, training, and placement services. The Planning Guidance (either the Stand-Alone Planning Guidance at 73 FR 72853 (December 1, 2008)) or the Unified Planning Guidance at 73 FR 73730 (December 3, 2008) requires states to describe the policies and strategies in place to ensure, pursuant to the Jobs for Veterans Act and the regulations, that priority of service is provided to veterans (and certain spouses) who otherwise meet the eligibility requirements for all employment and training programs funded by the U.S. Department of Labor. In addition, the states are required to provide assurances that they will comply with the Veterans' Priority Provisions established by the Jobs for Veterans Act (38 USC 4215).
9. **General Provisions of the Recovery Act, as applicable:** The following clauses are specific to usage of ARRA funds and are intended to supplement, not replace any existing terms and conditions.
 - **Wage Rate Requirements:** Subject to further clarification issued by the Office of Management and Budget and notwithstanding any other provision of law

and in a manner consistent with other provisions of ARRA, all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Grantor pursuant to this award shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (64 Stat. 1267; 5 U.S.C. App.) and section 3145 of title 40, United States Code. (ARRA Sec. 1606)

- **Whistleblower Protection:** Each Grantee or sub-recipient awarded funds made available under the ARRA shall promptly refer to the Grantor Office of Inspector General any credible evidence that a principal, employee, agent, contractor, sub-recipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds. (ARRA Sec. 1553)
- **Buy American – Use of American Iron, Steel, and Manufactured Goods:** None of the funds appropriated or otherwise made available by the Recovery Act may be used for a project for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States. See the Recovery Act Section 1605 – Buy American Requirements. All prohibitions on construction remain applicable to Grantees.
