

SAMPLE FACTS FROM THE *PY 1995 SPIR DATA BOOK* (*SPIR*--THE STANDARDIZED PROGRAM INFORMATION REPORTING FOR THE JOB TRAINING PARTNERSHIP ACT)

The PY 95 SPIR Data Book summarizes information on the characteristics at entry, services received, and outcomes attained of all individuals who exited the Title IIA, IIC, III and Section 204(d) JTPA programs between July 1, 1995 and June 30, 1996.

FACTS	DATA	TABLE/ PAGE NO.
I. SUMMARY OF ALL PROGRAMS (TITLES IIA, IIC, III & Section 204(d))		
Total terminees ¹ , all programs	636,373	I-1, p. I-2
Change in total terminees ^{2,3} , PY 1992 to PY 1995	-138,775	I-2, p. I-3
Proportion of terminees ^{2,3} in Region IV	17.3%	I-3, p. I-4
Terminees ^{2,3} with 3 or more dependents under 18	52,014 (9.3%)	I-4, p. I-6
II. TITLE IIA for Economically Disadvantaged Adults Age 22 and Older²		
Terminees ¹ who received objective assessment only	61,208 ((27.4%))	II-1, p. II-2
Cash welfare recipients in Region III	11,829	II-2, p. II-4
Terminees with less than high school education at entry who lacked significant work history at entry	46%	II-4a, p. II-11
Average training hours of cash welfare recipients who completed occupational skills training	554 hours	II-8, p. II-18
Of terminees with 2 or more legislatively-defined barriers to employment, those who attained basic education, occupational skills, completed major level of education, or entered non-Title II training	27%	II-14, p. II-34
III. TITLE IIC for Economically Disadvantaged Youth Age 14 - 21²		
Terminees less than a high school graduate (at entry)	75%	III-1, III-2
Terminees in schoolwide projects who are not a family member	8%	III-4, III-8
Average duration of training for female terminees	345 hours	III-6, p. III-14
Out-of-school terminees with less than high school education who earned \$7.50 or more at exit	9%	III-12, III-29

FACTS	DATA	TABLE/ PAGE NO.
IV. SECTION 204(d) for Economically Disadvantaged Older Adults Age 55+²		
Terminees who received more than objective assessment	14,696	IV-1 , p. IV-2
Female terminees in Texas	972	IV-2 , p. IV-5
Terminees who completed training/work experience goal	61%	IV-4 , p. IV-10
Employed terminees who received occupational classroom training making \$10.00 or more	11%	IV-10 , p. IV-27
V. TITLE III for Dislocated Workers³		
National Reserve Account terminees in California	2,679	V-1 , p. V-3
Change in total terminees ¹ , PY 1992 to PY 1995	83,675 (46%)	V-2 , p. V-4
Of terminees who received occupational skills training, the percent trained in production and related occupations	30%	V-4 , p. V-11
Change in terminees employed at follow-up, PY 92 to PY 95	5 percentage points (69% to 74%)	V-8 , p. V-20
Veteran terminees' average hourly wage compared to non-veteran terminees' hourly wage	\$11.71 vs. \$9.92	V-11a , p. V-29
Rate of employment with fringe benefits of terminees who received on-the-job training compared to that of those who received no training	70% vs. 33%	V-12 , p. V-30

¹Total terminees who received either objective assessment only or services beyond objective assessment (see Appendix A of the Data Book for explanation).

²Except where noted with Footnote #1, all Title II data are for terminees who received services beyond objective assessment only (see Appendix A of the Data Book for explanation).

³For Title III, the notion of receiving only objective assessment is not applicable for PY 1995; data in all tables in Parts I and V include all Title III terminees.
