Value: Workshare

### **Definition**

Workshare (Short-Time Compensation (STC) Program): A State program which is an alternative to employee layoffs, whereby a group of workers simply work shorter work weeks and are compensated for their lost work time with partial benefits. Such benefits are payable to these individuals as a percentage of their weekly benefit amount equivalent to the percentage of work hours reduced. Benefits would not be payable to these workers under a State's normal partial benefits formula. To participate in the Workshare or STC program, employers must submit their plans to the State agency for approval. (ETA 401, Sec V, Ch 1)

## Value: Extended Benefits (EB)

### Definition

Module 3, Step 2C – Type of UI Program – Extended Benefits

### Definition

Extended Benefits (EB): A supplemental Federal-State program that pays extended benefits during periods of specified high unemployment to individuals for weeks of unemployment after:

1. They draw the maximum potential entitlement to regular benefits within their benefit year.
2. Their benefit year ends while they are in continued unemployment status and have insufficient wage credits to establish a new claim (provided that the EB period in the State began before the individuals' benefit year ended). The cost of EB paid to claimants under State unemployment compensation law is financed equally by State and Federal funds.

The cost of EB paid to Unemployment Compensation for Federal Employees (UCFE) and Unemployment Compensation for Ex-Servicemembers (UCX) claimants is totally financed by Federal funds.
