

PREFACE

The Comparison of State Unemployment Insurance Laws provides state-by-state information on workers covered, benefit eligibility, methods of financing, and other areas of interest in the Unemployment Insurance (UI) program. It also includes information on the temporary disability programs operated in six states. The Comparison is published annually. This edition reflects the provisions of state law as of January 1, 2018.

The Comparison is issued solely for informational, reference, and research purposes. It is *not an official* interpretation of state UI laws. The state statutes should be consulted for the full text of state laws. Unless otherwise noted, the Comparison generally reflects state law, but *not official interpretations* of state laws, which are found in state rules and regulations, administrative and court decisions, and opinions of attorneys general.

We recognize that the Comparison is useful only if it contains accurate data. States are encouraged to advise us of any needed corrections, either through their regional offices or through the contacts listed below. All users are invited to provide comments on the Comparison. We would like to thank those states that supplied updates and corrections.

The Comparison is available online at <https://oui.doleta.gov/unemploy/statelaws.asp#Statelaw>. Other UI information is available online as listed in Appendix II of the Comparison.
