

## **PERFORMANCE RECOGNITION AWARDS STATE SIZE CALCULATION**

State size for the UI performance Recognition Awards is determined using the data related to “covered employment” found in the **ar202** report in cell **c26**.

Data from this report is not cumulative and should be generated by quarter-ending date. This report is obtained from a table produced by the Bureau of Labor Statistics (BLS) and is not publicly available.

Size groups are calculated as follows:

- Small: covered employment under 1 million employees
- Medium: covered employment between 1 million and 2 million employees
- Large: covered employment greater than 2 million employees
